- A team of knowledgeable experts with over 100 years of combined experience to help you understand and receive the most from your product throughout its service life
- Detailed instructions and specification on cleaning and application to best maintain your equipment
- A national service network and service manuals for our extensive product offering.

INDUCTION COOKING STATION

APPLICATION

With the Alluserv induction cooking station you can prepare delicious meals in any indoor setting.

CONSTRUCTION

These mobile cooking stations are attractive, durable and have a practical design. The top is made from heat resistant stainless steel while the exterior is a laminate over a stainless steel frame. Models are available with downdraft air filtration system that traps gases and smoke. These units cook with a state of the art induction stove that requires no flame.

Warranty

- One year parts and labor

Induction Cooking Station
